<The Objective and Target of MEMS Engineer Forum>

This forum is a unique opportunity operated mainly among engineers close to the MEMS technology, which is the vital key for the 21st century. We strongly believe the key players in this field will drive the world in various business scenes over the next 10 years. Since the start of the 1st MEF in March 2009, this forum has been held annually with MEMS researchers, developers, engineers gathering in one place.
