

MEMS ENGINEER FORUM 2015 TO GREET THE 7TH

*Aims: INSPIRE in the field of MEMS
INSPIRE from MEMS*

*Technology
fusion*

Global

*Creation
of industries
Ventures, spinout*

*Vertical
Integration
From manufacturing
to services*

*Horizontal
Integration
Competition and
cooperation*

- ▶ 2009: Applications, evaluations/inspections/test, process/new materials
- ▶ 2010: M E M S ventures, commercialization, successful examples
- ▶ 2011: M E M S Asian networks (Connection of people and technologies)
- ▶ 2012: Smart city (Expectations for M E M S , towing technology M E M S)
- ▶ 2013: Models of M E M S success, great M E M S markets
- ▶ 2014: Smart city (The latest development of M E M S (Technologies, strategy of manufacturer, business, R & D)
- ▶ 2015: Smart city, IoT, M E M S trend, M E M S sensor networks

HISTORY
